JOHNNY VALENTINE

AMERICAN AND CANADIAN RESULTS

In each issue of MATMANIA, we attempt to rate the men of this country on basis of skill in the ring. Each of our officers sends to me thier choices of the top 25 men, and on the basis of a reverse point system (25 points for #1, 24 for #2, and so forth) we arrive at our final ratings.

This month, there were a total of 11 lists sent to me. Several of these lists were shorter than the stipulated 25 men, so the total number of points in the lists is 250.

Only one man was mentioned on each and every list, and that one man is Gene Kiniski. Only three others were mentioned on as many as ten of the lists.

As in the past, these ratings tend to reflect the ratings of both Japan and Australia, as well as the U.S. and Canada.

Below, then, is the ratings for the June issue. In ()s will be the lists on which the man appeared and the total number of points.

1. Gene Kiniski (11 lists, 244 points)
2. Fritz von Erich (10 lists, 183 points)
3. Bruno Sammartino (10, 167)
4. Lou Thesz (8, 151)
5. Dick Afflis. Wilbur Snyder (9, 143)
6. Bill Miller (10, 130)
7. Verne Gagne (8, 120)
8. Pat O'Connor (8, 116)
9. Johnny Valentine (8, 113)
10. Reggie Lisowski (7,103)
11. Destroyer (7, 99)
12. Bobo Brazil (6, 91)
13. Kinji Shibuya (7, 89)
14. Maurice Vachon (6, 86)
15. Karl Gotch (6, 80)
16. Bob Ellis (8, 72)
17. Ray Stevens (6, 63)
18. Groilla Monsoon (6, 46)
19. Bill Watts. Ernie Ladd (4, 45)
20. Bulldog Brower (2, 45)
21. The Shiek (4, 35)
22. Bearcat Wright. Johnny Powers (3, 32)
23. Killer Kowalski (4, 31)
24. Baron Scicluna (3, 31)
25. Eddie Graham (4, 30)

****

For the first time in our ratings, there are thrre different ties. In this particular case, the men in question were mentioned on like number of lists and received the same number of total votes. To do complete justice to the ratings in question, then, there are a total of 28 men in the above ratings.

For the first time since our inaugoration, several men are lacking from these ratings. Notable in the absence are such men as Bobby Orton, Pedro Morales and Shohei Baba. Baba, with recent wins over Thesz fflis, Snyder, Morales, and Karl Kox would seem to be a sinch to be in this or any other serious rating. But such is not the case.

Steady advances have been noted by Scicluna, Ladd, Watts, and Monsoon. These, and other young wrestlers, will undoubtedly be part and parcel of these ratings for many years to come.

Johnny Valentine, 6-3 and 238 pounds, is an artist of unusual dimension.

To the wrestling fan, he is mean and unnecessarily rough, or he is an expert with a great following, the viewpoint depending on what city the fan happens to call home.

To those who know him more intimately, the blond, blue-eyed giant of Swedish and Polish extraction is a world-traveler, a painter who prefers to dab oil on canvas and a student of grand opera who prefers to listen to recorded arias rather than to the huzzahs of the multitude.

To understand what makes Johnny tick one must know of course that he has defeated such top ranking men as Bruno Sammartino, Fritz Von Erich, Bobo Brazil, Bulldog Brower, the Beast and Whipper Watson.

Valentine has the advantage of early training by Stanislaus and Wladek Zybysko, the world-famed Polish stars who were friends of his family.

Valentine also totes around with him the U.S. heavyweight belt he won from Von Erich and he holds jointly, with Antonio Pugliese, the U.S. tag teqm title they lifted from Bill and Dan Miller.

When it is realized that Valentine unmasked The Great Hercules (to reveal Bobby Graham), The Destroyer (to reveal Killer Joe Christie); that he and Cowboy Bob Ellis were former tag team mates; that he wrestled the great Lou Thesz and Buddy Rogers to draw verdicts, it is hard to conceive that his talents are directed anywhere outside of the ring.

When Johnny has to get rough in a match, his elbows swells and his Valentine Leg Lock produces personal pain that reminds him of his plan to get into a more sedate profession.

Born in Seattle, Wash. educated at the University of Washington and now a resident of Cincinnati, Valentine has another ambition if he fails to land a spot in opera. He'd willingly settle for a Bro adway musical. His 21-inch neck and deep bass voice would go well together in such a setting.

Meanwhile, he continues to make his fortune as a wrestler, winning most of his matches and hunting, fishing and camping between bouts.

He has another claim to distinctions: he is one of six wrestlers selected to have their likeness reproduced on the 1966 calendars to be distributed by MATMANIA, a book on you know what sport.

****

The above aricle, written by Valentine's fan club president, Mrs. Dawn Porter, was originally in the fan club bulletin of his. Mrs. Porter has long been an avid fan of Johnny's, and this love and admiration for this great wrestler shows through in everything she does for him. Her bulletins are among the very best in the history of fan club bulletins. Our thanks to Dawn for the above article, and for all the other million and one things she has done to help Johnny and to help wrestling.

So much has been said and written about Johnny Valentine that there seems to be little remaining. That he is an excellent wrestler goes without saying. That he is a true paradox, being a hero one day and a villian the next, is also true. This dual personality of his has made for him possibly the most well-knwon wrestler in the business today. His fans, numbering in the millions, never know what to expect from this many faceted star.

His Jackyl/Hyde style of wrestling has made for many interesting series of matches. Ona given night, he will be a hero tag teaming with an equally popular man against a team of balck-hearted villians. The next mite, he will be that villian and opposing him will be that tag partner of the nite before. Thus it is that his fans are never sure what to expect, but they will be assured of continual action throughout his matches.

Here on the East Coast, he has been tag teaming with Tony Parisi. This popular team won the U.S. tag team title from Bill and Dan Miller, and have simce defended it against all comers. His individual series of matches against Bill Miller and Baron Scicluna have made him the most popular wrestler and number one challenger. Only Bruno Sammartino stands between Johnny and complete domination of the local scene. A match between these two giants has been proposed time and time again, but without results.

On 25 June of this year, in Pittsburgh in a televised bout, he and Johnny DeFazio were opposing Bill Miller and Smasher Sloan. The two Johnnys, who were tied for first place in a recent popularity poll in that city, suddenly started fighting with one another. After a brief skirmish, DeFazio tried to tag off and have Valentine enter the ring against the villians. Johnny refused, and DeFazio had to continue alone, taking a frightful beating and being sent to the hospital.

The next live card in Pittsburgh will headline a Valentine/De Fazio match. After this, only time will tell. But it is the thot of this writer that a series of matches between Bruno Sammartino and Johnny Valentine is finally in the offing.

Valentine, who is internationally recognized as one of the best, will continue to pack the wrestling fans into the arenas around the country. An expert wrestler with a style of wrestling reminiscent of a stick of dynamite with a short fuse, Johnny will continue leading the way, both in drawing power and in ability. He is a good one.

Can't you imagine the implications; Valentine and Scicluna tag teaming against Bruno and Parisi? Wild, man, wild. Valentine and Miller as a team? Two of the best in the world as a team; it would win every match.

I seem to remember a similar incident a few years ago; a hero suddenly turning villian and going against Bruno. Watts did so well with it, that he made a feature article in Saturday Evening Post. "Anyting Bill can do, I can do better." Go, Johnny, go.

*****

On 18 June 1966 I attended my first W.W.W.F. match. This long awaited event took place at the historic Sunnyside Gardens in Queens, New York. On an afternoon, I sat enthralled by the sights of some of the top names in the wrestling world going thru their paces.

First bout of the evening (wrestling is <u>always</u> evening, no matter what time of the day or night it is) was between Angelo Savoldi, a 229 lb meanie, and Ted Lewin, the 218 pounder. Savoldi, the ex-NWA junior heqvyweight king, eaisily beat Ted in 9 minutes and 20 seconds.

The second all-star bout was the young and brilliant Pete Sanchez meeting Domingo Robles. Pete, a 222 lb speedster, eaisly beat Robles, a 210 lb villian. Referee Freddie Wolfe continually had his hands full as Robles attempted to use an object from his trunks to weaken Sanchez. Pete took the match in 18 minutes and 24 seconds.

Miguel Perez, the 222 lb Puerto Rican star, met the 224 pound Johhny Rodz. After 12 minutes and 51 seconds of wild excitement, Perez pinned Johnny. This Rodz guy has all it takes to be a top star. A goateed ruffian, his antics delighted the fans, the referee, and Perez. One such antic was his continual habit of getting his goatee wound up in Miguel's fingers. So sorry, please, Mr. Rodz.

The semi-main was between the man recognized as champion throughout the Eastern seaboard, Bruno Sammartino at 285, and one of his number one challengers, Curtis Iaukea, the 385 pound Hawaiian. After 5 minutes and 7 seconds of each man doing the body beautiful bit (flexed muscles, et al) the Prince was knocked out of the ring and was unable to return by the count of 20. After this, my first glimpse of Bruno, I have nicknamed his "Wart". Perhaps he will grow on me.

The main event was a tag team match. The champions, Johnny Valentine at 240 pounds and Antonio Pugliese at 230, met the challengers (makes sense) Bill Miller, the 315 pound Vet, and Skasher Sloan, the mammoth 276 pounder. After taking a ferocious beating from the villians, Valentine lost the first fall in 16 minutes and 45 seconds, with Miller taking the pin.

The second fall, both Parisi and Valentine jumped into the ring. With Johnny working on Miller and Tony on Sloan, the referee, ex-wrestler Dick Kroll, promptly did the only thing possible; tied his shoe laces. When he finished, he noticed Valentine laying on top of Bill and promptly gave the champions the fall in 4 minutes and 36 seconds.

The final fall was even rougher than the first two. With quick pins the order of the day, all four men were in and out of the ring with a rapidity that would have made a road-runner blush. Finally, after 5 minutes and 8 seconds of wild action, Parisi trapped Sloan and applied the pin. While the referee counted the fall, Valentine and Miller brawled away.

There is no question in my mind that Miller and Valentine justly deserve their places in the ratings. They are two of the greatest.

****

Since writing the above article, I have found that John Rodz is also well known as The Jungle Tiger. He appears in and around Detroit for Rubi and Flesser. His feuds with Lou Klein and Don McClarty are spoken of with reverence due to their wild nature. As I said before, Rodz is a good one, and he is young enuff that he will be better as time goes on. Watch him.

If and when we have another match in New York, I'll let everyone know about it. It seems that they are few and far between.

aA life record of this type shows many things. First, of course, it shows who the man wrestled, where, when, and the result of the match. This much is obvious. A further look into the record, and eith a little bit of work, it is easy to tell the overall quality and quantity of opposition, the overall won/loss record means little without this general look into the quality and quantity of opposition. Thus, this list of opponents will tell several additional things about Valentine's record. First, this is a very wide assortment of opponents. Few people wrestle this many different men in their careers. Even tho our record includes only about 25 % of the possible matches, Valentine met a vast variety of men.

A second thing to note is the general quality of the men involved. The majoirty of them are among the tops in the business. He has met virtually every top name in the field of wrestling and has met most of them several times. There are few "set-ups" in the above list.

Thus both quality of opponents and quantity and variety of opponents is present. And with it all, Valentine has a winning record of almost 75 per cent of his matches.

****

Johnny has tag teamed with a total of 67 different men during the matches covered in this record. Of that total, he has faced his partner in individual matches in 41 of the 67 cases. Only 26 of his partners were not either before or after opponents. Often, Valentine would partner a man one night, and be his opponent the next mite. He won tag team titles with Wallick, Ellis, Henning, Parisi, Brower and Watson. Each of these men were opponents of his on numerous occasions. This "Jeckyl/Hyde" bit of Johnny's is more t han anything responsible for this. All in all, he is a wild man in a tag match.

As often stated in the pages of MATMANIA, the main force to ensure a succesful wrestling promotion is advertising. We have stressed time and time again the importance of this, Using each and every means to advertise upcoming matches will ensure capacity houses in wrestling.

One such means, television, has been used by each and every promoter in the business. These promoters have releid on television to promote their matches to the exclusion of any other type of media. When their television contract expires, as is the case in New York and the entire Eastern seaboard, wrestling and the wrestling promoters and fans suffer. No televison means no advertising of local matches. No advertising means smaller gates. This, in turn, causes a lack of interest in wrestling that hurts the promoters in their most vulnerable spot: their pocket books.

As usual, we at MATMANIA have free advoce on how to alleviate this dilemna. As in the past, we realize that nothing is used less than un-sought advice. Even tho our advice will fall upon deaf ears we feel that our obligation to wrestling, to wrestling fans, and to the members of MATMANIA demand that our advice be given.

Below, then, are our ideas on how to cure the problems of wrestling in this countrys largest city and in the entire Eastern seaboard.

1, Newspaper advertising: choose one of the large New York daily newspapers and advertise each and every match in Greater New York. In times past, the Daily News was used for this purpose, and it again would be our choice. Advertize at the matches themselves that the latest in wrestling news can be obtained in said newspapers.

2, Increase the number of matches. The promoters have been relying on weekly matches on television to ensure a steady interest in wrestling. Without television, live matches in the arenas in Greater New York must be used to ensure this continual interest. If possible, have at least one match a day within 50 miles of New York, and advertise such in the newspaper. This will sustain interest and ensure wrestling being in the forefront at all times.

3, To ensure top interest in the larger arenas such as the Garden and so forth, go to the radio. Five spots a day for the week previous to the actual match would facilitate continued activity at the box office. On these spots, I would recommend using the most popular wrestler with the general approach being "I will be at the Garden on such and such a date. Come on up and see me some time."

4, To further ensure all interested people acquiring the news of upcoming matches, I would set up a special office of some sort. Advertise the fact that by calling said number, fans can get the latest information on where wrestling will be, when, and the complete card. On the day of large matches, install one or more of the top wrestlers on the telephone. Allow them, during the calls, to chat with the callers. Advertize the existence of the special telephone number by every means at your disposal: newspapers, programs at the local arenas, radio, and so forth.

5, Advertise at the local wrestling itself. In the programs at the smaller arenas, advertize the matches at the Garden, Jersey City and so forth. This includes advertising these larger matches on television from Newark, Philadelphia, Pittsburgh, and Baltimore. This news, in each and every city, will greatly increase the interest at these special, larger matches.

6, Posters. These posters, splashed throughout the immediate area of the smaller arenas, will enhance the interest locally, thus ensuring a continued interest in wrestling.

These six items, used concientiously, will cure the doldrums in which wrestling has found itself. Such a plan will more than alleviate the lack of advertising due to the loss of television. Such a far seeing plan will actually help wrestling. By building continual interest in the matches, each and every person involved in wrestling will be affected for the better.

****

The men now appearing in New York are among the best in the country. In Bruno Sammartino they have (we have) possbily the most popular wrestler in the country today. He is an excellent wrestler and many feel that he is the best ever. In Johnny Valentine, we have another man who easily rates among the top ten anywhere and at any time. Bill Miller is another that rates with the tops. Add to these three such men as Vittorio Apollo, Bulldog Brower, Miguel Perez, Tony Parisi, Baron Scicluna, Chief Big Heart, Prince Iaukea, The Beast, Waldo Von Erich, and the vaious other men appearing here, and you can see that the East has as good a group of wrestlers as any area in the country.

And such a group, thanks to the promotional group that operates here, have drawn a total of about 1,000 people in the past month in New York City, where 8,000,000 people live.

If I was in charge of said promotioanl group and did that, I would hang my head in shame and never look at another person the rest of my life.

I would be so completely ashamed of myself that I would give up my job. I would never even consider calling myself a "promoter" again.

New York City should hold each and every attendance record in the book. With a city of this size on which to draw, the promoters here should feel left out if they do not draw 1,000,000 fans a month. It can be done. And it can be done easily. All they have to do is o work at it a little.

I read one time that over 1,000,000 people a month visit this city. These tourists are here for one purpose; there is more happening here than where they came from. One million people a month; this means that New York has a turn-o ver of tourists that is larger than most cities. A tourist: that is a person who is looking for something to do. It is staggering to the imagination: to think that in this City wrestling only drew 1,000 fans in a given month. If I had not seen it, I wouldn't have beleived it. Work, men, work.

***

Now that I got off my soap box,..... Seriously, tho, wrestling is too wonderful, too exhilirating a sport and psttime to draw that poorly. Especially in New York City. Something has to be done, and it has to be done soon. After a while, there will not be enuff left here in the way of wrestling fans to pick up with a wet sponge. It makes me sick when I think of the Golden Opportunity which is present here, and which the promoters are missing. Sigh.....

The World Series League in Japan is an annual event in which wrestlers from throughout the United States and the world are invited to appear. These special tournaments are among some of the best wrestling to be found in the history of professional wrestling.

******

As usual, when we have room, we like to make predictions as to the operation druing the next month or so in any given area. In the South, things will continue to hop and jump. The addition of Buddy Austin adn Ramon Torres to the Mobile area will keep things extremely active in that area. The addition of Chief Little Eagle as a villian and tag partner of Ed Perez will make for some interesting tag matches. And one can not forget the addition of the Daltons. As I almost did. Incidentally, with all three Torres brothers in the same basic area, look for some interesting three man tag teams. Possibly the Torres bros against the Infernos and Dykes. Should be fun.

The addition of Ken Yates and Jim Wehba will help in Atlanta. These two, along with regular additions from both the Florida and the Mobile circuit will continue to draw the fans in in and around Atlanta. The Torres Bros, the Medics and the Infernos still make a good, solid basis on which to work.

Florida, with Don McClarty a new villian, will continue to draw the fans. New faces such as Millich, Bence, Fuller and Karlson will also help. And Eddie Graham should be returning to the local wars soon. That always helps in Florida.

The Carolinas and Virginia never have too much to worry about. Becker, Weaver, Gotho, the Scotts, Lindsey, Hollis, Bolus and DeMarco are among some of the most popular wrestlers in the world. Not to mention the two guys from Texas, Tex McKenzie and Tex Nelson Royal. The villians, ably led by Hawk, Hanson, Bernard, Murphy, Hamilton Malenko, Eakins, the Stroheims and the Andersons can hold their own with any of them. Add in the most hated team in the South, Bogni and Lubich alongwith thier manager Homer O'Dell, and there is some top action coming along. New comers Prince Nero, and the various girls will just help all the more.

The Memphis Nashville circuit is a strange one. On paper it looks like it should not do too well. Herb Welch, Costello, Fargo, Rossi and Milano are not heros to make this writer gasp for air. Nor are the villians such as Treach Phillips, Doug Gilbert, Tojo Yamamoto, Tomaya Sato and Karl and Eric Von Brauner a particularly Earth shattering group. But for day in and day out top drawing areas, few (if any) beat out Memphis, Nashville, Birmingham, Chattanooga, and so forth. I'd like to know the secrets involved. A few new comers will help here, too. Mac York, Luke Graham, Chin Lee, and the Mongul add quite a bit af talent to the group. All in all, they will continue pulling in the fans.

The South has been in the past, and will continue to be, the highest pulling and drawing area in the country. Many of the names may not be particularly well known, but the promoters are a hard working, industrious group, and they pull in more fans than all the rest of the country combined.

****

Most of the fan club bulletins in the world include in their bulletins any important birthdates coming up in the immediate future. MATMANIA, too, will start this process. Little Orphan Annie will be 42 on August the 5th.

With Henning and Race in Australia, the AWA area is doing well. dditions like Gilbert, Kowalski and Nixon, plus new champions in Dick Afflis and Reggie Lisowski, keep the pot boiling in Minneapolis and area. Meanwhile, the Omaha section, with Brown and Woods as tag champs, after their defeat of Pulaski and Lewis, still packs them in. This area, does excellent business due to the continual influx of top talent. Justwish we could get moreof the results of the live matches.

The Assassins, who were one of the most popular tag team combinations in the istory of Ozark wrestling, have left the area. Also gone is the team of Kowalski and Matsuda. The Assassins headlined virtually every card in the Ozarks for close to six months. They set seating records in each and every city on the circuit. Now that they are gone, the area is suffering from a colapse at the box office. Where the fans have been clamoring for seats, and standing room only was the rule throughout the circuit, they are now only pulling a few hundred.

Newcomers like Kamata, Brown, Druk, and so forth may, in time, cure these duldrums, but I doubt it. My advice is to quickly get the masked duo back. Send them against Kent and Kamtata in a free for all battke. Right after that, put them against Brown and Druk. That should be a little bit of fun.

Druk, who usually manages Chris Markoff up in Minneapolis, is now wrestling full time. He appears in the ring wearing a vest, bowler hat, and is much the Dandy. Too bad he can't wrestle very well.

Hodge, who is now the Junior Heavyweight champ, is still pulling them in. Look for a series of matches between he and Bob Brown. Brown is a tuff one, and should give Danny a run for hismoney.

Our thanks once again to Charlotte Irvine for her help in collecting these results. We would be lost without Charlotte and the other officers th t devote long hours to collecting these results. We luvs ya all.

How many people remember Roberto Pico? The big guy was once a tag partner of Gene Dubuque back in the days before the bleach came in to view. Either as Pancho Pico or as Roberto, he and Gene tore up parts of California. They were good ones. It is good to see his name again back in action.

****

I have mentioned this before, and this is a good time to say it again. Keep your eyes on Freddie Baron; he has everyting it takes to be one of the greats of the modern day. A good looking young kid that knows every wrestling hold in the business. He can make most of the guys around now look like monkeys. He is a good one.

Anyone feel like reading my monthly appeal for old results? I need em and I need em badly. In the September issue, we are doing the life histroy of Pat O'Connor. In December, Buddy Rogers. In March, Orton. June, Bill Miller. September, Blassie. December, Gorgeous George. In each case, we desperately need results and we need them badly. If you have access to a library and would like to do some research for us, let me know, and I will tell you what we need. Thank you.

A recent match in England concernigg Ricki Starr against Mick McManus was put on closed circuit TV through 27 spots throughout Great Brittain. The tickets for the match sold for 9.00 tops. Starr the most popular hevyweight in the field, and McManus, a top middleweight villian, sold out Royal Albert Hall on one previous meeting, and the closed circuit television match was the promoters answer. To the best of my knowledge, this is the first time that such an event has happened. It also marks the worlds largest gate for a wrestling match, in histroy.

-FACTS ABOUT THE FAN CLUB CONVENTION-

The Annual International Fan Club Convention will meet in Detroits Sheraton-Cadillac Hotel this year, July 22, 23, and 24th. Friday, the 22nd, will be registration day, with the procidings begining at 2 O'Clock. On Saturday the real fun begins, as the banquet will be held at 2 O'Clock, as on Friday. Such wrestlers as Bruno Sammartino, Bill Miller, Johnny Valentine, Lord Layton, and others will be there.

If you think the banquet will be exciting, you're right, but wait until the same night when all the delegates will get to go to the matches for half charge, compliments of promoter Francis Fleser. We'll sit in ringside seats at the fabulous Cobo Hall and watch seven or eight great matches (I trust).

Then, after the fun and excitment, we get down to business on Sunday, as the business meetings will begin. Picking a new site for next year (or Detroit again, pos - sibly) will be one of the proceedings.

Such people as myself (of course), Allan Cooper, Dawn Porter, Burt Ray, Norm Kietzer, Betty Clark, Don Wilson, Doug Gair, and many, many others will join in on the activities.

Just think, for $6.00 (banquet and registration fees) you can get a fine dinner, meet your favorite wrestlers, see the correspondents and writers you have always wanted to meet, and attend matches free of charge.

Oh yes! The next night you'll go over to Windsor and watch wrestling for two hours, maybe even see yourself on TV. Boy, it's enough to get yourself tired ever before you start.

Promise yourself you'll be there.

A little back ground music, Please Maistro. The promoter in Phoenix and most of Arizona is Al Fenn. To the best of my knowledge he has been there since the year one. Even tho he is not overly quick to aid this fan club or any other organization, we have been quick to praise him and his work. With talent somewhat less than the best, he draws remarkably good crowds. Phoeniz has wrestling twice weekly, and Tucson, Mesa, Casa Grande and various others, once weekly. Fenn is quick to help the younger wrestlers, and many such have received an assist from him in their climb to the top. He is also a great hand to help those veterans that have been in the business for many years. In short, he is a godd promoter that does his best to give good wrestling to his patrons.

In the past, he and his area have been invaded by rival promoters on numerous occasions. The last such in 64, met with absolutely no luck. The fans of Arizona are used to Fenn and his wrestlers. The rival promoter, backed by two of the best known wrestlers in the field, could only draw 500 people to a card headlined by Thesz vs

Mike Di Biase. Then, the promoterin question gradually sank out of sight.

As we have said previaously, we feel that Fenn is a credit to his profession and is far above average as promoters go. We heartily prasis him for the work he does developing new talent, and hope that he has many more years ahead of him.

The main purpose to all of this is the fact that Arizona is once again being invaded by a rival promoter. I have no idea who this new group is, but their first match will be around the first of August. I am completely confident that Fenn will weather this slight storm as he has all those in the past. To ensure him doing so, he made possibly the wisest move I have seen any promoter do in many years: he got the Assassins to headline his cards for him. The Assassins are a wold, exciting team that will do more to spurt he gates of Arizona than any other single group in the country today. They have drawn more people in the past six months than anyother single team. Along with the Assassins, Fenn got two new young heros that will aid in this revitalization: Negro and Gordon.

Fenn is a good one, and we offer him our heartiest congrats for a job well done.

Somehow, we missed most of the results that norma;ly go in this sedtion. Included here normally are the New Englad areas, the Rocky Mountain and Southwest areas, and the mid-West not included in either the Heart of America or AWA areas. Also those parts of Canada not included anywehre else. As I say, we fell apart. H*E*L*P

I hate these end of papers things. What on Earth do I say in them that might interest a few people? I read the other day that the only differnee between the hand of a Gorilla and the human hand is the human hand has complete use of the thumbs. Next time you see a wrestler or a referee using their hands, watch to see how much they use their thumbs; it might tell you somethijgg.

A riddle: where was Frank Hickey when the lights went out? In the dark. I've got more, beleive me.

Another of my monthly request for old results and for the old result club. The old results club will interest each and every person interested in the mechanics of wrestling. We print up just old results. Sounds logical. The dues are 1.50 per year, and the members receive all the old results that we can get. And now the request for old results for this purpose. We need em and we need em badly. I also need them for my personal files and for the life historys that we will be doing in these bulletins. Please, if you have any old results, or if you have access to a library to do research for some, let me know. Uncle Burt seldom begs, but.....

With the addition of son Fred, the Currys are by far the best father and son team now around. They are also the only, now that Dory Funk seems to have retired. The two Currys versus the two Funks would make an interesting tag team. Even I might pay to see it.

On 20 April at the Civic, Joe Carollo defeated Beauregarde. Don Chuy drew Tosh Togo. Neff Maiava drew the Missing Link, alias Firpo. Johhnny Barend and Ripper Collins defeated Disk Steinborn and Nick Kozak. (Hawaiian Tag Team Championship with Collins and Barend as the champions.)

On 27 April at the International Center Arena before a sell-out crowd of 8,700. Over 3,000 fans turned away. Neff Maiava and Dean Higuchi defeated Beauregarde and Tosh Togo. Dale Lewis drew Joe Scarpa. Nick Kozak unmasked the Golden Terror (Pedro Godoy). Dick the Bruiser drew Luther Lindsay. Bill Watts defeated Kinji Shibuya. Ray Stevens and Pat Patterson defeated Ripper Collins and Handsome Johnny Barend. This was the first time the arena was sold out for any sporting event.

On 4 May at the Civic, Nick Kozak defeated Dean Higuchi. Don Chuy and Joe Carollo lost to Johnny Barend and Ripper Collins. Red Eagle defeated Beauregarde. Sam Steamboat defeated Lou Newman. The Missing Link defeated Fujiwara. The missing Link won the 14 man Texas Battle Royal. The following is the order in which the men were eliminated: 1, Dean Higuchi. 2. On 18 May at the Civic Auditorium, Red Eagle drew Fujiwara. The Missing Link defeated Jim Grabmire. Ripper Collins defeated Neff Maiava. Sam Steamboat drew the Masked Executioner. Johnny Barend defeated Nick Kozak to retain the WWA United States belt.

On 25 May at the International Center Arena in the second sell-out of the season, Red Eagle drew the Masked Executioner. Kinji Shibuya defeated Nick Kozak. The Missing Link and Neff Miava defeated Jim Grabmire and Beauregarde. Pepper Gomez and Cyclone Negra went to a draw. Ray Stevens and Pat Patterson defeated Ripper Collins and Johnny Barend to retain the World Tag Team Championship. Three months in a row, they headlined the big card at the Center. The last 2 matches sold out the arena. At the last match, the tickets were sold out 2 hours before the matches got under way. Promoter Ed Francis is trying to line up a match between Cowboy Bill Watts and Johnny Barend. This is to settle the United States belt. Watts is the AWA champion while Barend is the WWA champion. I notice that Bobo Brazil is holding one version of the U.S. belt in the eastern states.

Due, in great measure to my trip to the East Coast and the reultant loss of time and effort, the results from California have been sadly neglected these past two months. Thru the efforts of various of our members there, we hope to rectify this in the next issue.

****

One bit of news from there. The promoter in Reno has disbanded operations and will no longer promote. His reason being too small of gates. Operating, as he has, on a rather hit and miss basis, I do not blame either his fans or himself for discontinuing.

A further bit of news that is not highlighted too much is a bit of co-operation between Shires in the north and Strongbow in the south of the state. These two centers are usually at odds with one another, both thru tradition and thru geographical locations. The co-operation was caused in no small measure to the income tax payments and lack thereof of Ray Stevens. He was indicted for non-payment of his 1962 taxes and was sentenced to (I think) two years probation. This meant, among other things, that he was not allowed out of the state of California. Thus, Shires asked for, and received the support of Strongbow. They have since traded many of their top stars, including, Stevesn, Brazil, Monsoon, Austin and others.

As mentioned previously in these bulletins, we are in xomplete favor of anything that is for the good of wrestling. This includes the wrestlers not paying their income taxes, if that will eventually help.

Since the above results, I have received a RUMOR that Monsoon beat Watts for the U.S. title. More news on this later.

I don't know if Zenda is going to add much to the scene, but Jan aul certainly will. Not to mention the two blondes from San Francisco, Stevesn and Patterson; they will make things hop around the Northwest. Things are looking good.

Many thanks once again to Dean Silverstone for hishelp in collecting these results.

In each issue of MATMANIA, we offer various awards in the field of wrestling. These, then, are this months awards: The first each month is for the promoter of the month. The man or woman that we feel do the best job of continually giving their fans the tops in wrestling talent, and do an outstanding job of maintaining interest in the sport. The winner this month is the man from Phoenix, Mister Al Fenn. An un-song hero of the wrestling world, Mr Fenn is one of the best. As pointed out elsewhere in this bulletin, he is quick to use both young talent and the veterans. He gives the fans of his area good talents, and even tho they are not as well known as many, draws excellent crowds. I do not know how he does it, as many of his headliners do not raise even an eye-brow with most fans, but Phoenix continues to draw the fans in to the arenas. To Mister Al Fenn goes this months Promoter Of the Month.

The second award each month is for the fan club worker award. This award traditionally goes to a fan club president or officer, but this month we are breaking that tradition, and giving it to a non-pro. Each and every person who knows this young man will agree with me that he and his work are long over due for recognition. We speak of Baltimore(s number one fan, Mister Earl Elder. Earl works long and hard helping the fans around the country keep on top of the news both of his area and the rest of the East Coast. Earl wrotes long letters to each of his contacts, and often will include as many as ten or twenty pages to each person. Our heartiest congrats to Earl and his excellent work. We luvs ya, Earl.

The last award is to the wrestler who has done the most traveling during the past month or so. The chief candidates thus far are Luis Martinez, who left California and is now appearing in Indiana and so forth; the Destroyer, who left Texas and is in Detroit, Indiana and area, and is due in California soon; Don McClarty, who left the Detroit area, and is appearing in Florida as a villian; the Assasians, who left the Ozarks area to go to the Southwest; Steve Druk, who left Minneapolis to go to the Ozarks; Karl Kox, from Texas to Japan, Art Neilson, from Australia to Texas, Larry Henning and Harley Race, from Minneapolis to Australia, and Luis Hernandez, who moved to and from the two centers in California. The award, tho, does not go to any of the above; for the first time, we are going to offer two awards, because we are not sure which is the greater. In both cases, there are two men who traveled the same distance. The first pair is Eddie Graham and Sam Steamboat, who traveled from Florida to Japan. This has to be about as long a jump as there is in wrestling. The second pair is Ray Stevens and Pat Patterson. The dynamic duo have appeared in the past month in Nevada, Hawaii, California, Oregon and Washington. This puts many miles under their littte tum-tums and easily puts them in the running. Thus, four winners: Eddie Graham, Sam Steamboat, Ray Stevens and Pat Patterson.

We have received about ten inquiries about the difference bet-ween San Francisco and New York City and which I prefer. Without being too unduly harse with NYC, I must Say that there is little comparison. San Francisco is by far the better of the two. New York is too cosmopalitan to suit my taste, and is too quick to be a "go,go,go" city. It is the difference between street corners: New York has newspaper stands on the corners; San Francisco has flower stands. New York has the subway, San Francisco has the Cable Cars. S.F. has a slower, more relaxed frame of mind and is more ready to recognize the beautys of life. San Francisco, I love you.

I was doing some deducting the other day, and I arrived ata conclusion or two that may interest you. There is a former wrestling and football great from San Francisco of Italian origin. His mother prepared a recipe for some of her favourite dishes; all a person had to do was to add water, cook, and it was ready. The wrestler in question proceeded to open a company, preparing and selling said dishes, but soon folded due to lack of capital. This much is fact. It was about this same time that Betty Crocker started to sell Rice Aroni and so forth, and advertised them as being from San Francisco. I put two and two together and come up with a ratherunusual four. Leo Nomolleni is the father of Rice Aroni.

I will be going to the Fan Club convention in July of this year. The date for the convention is the 22, 23 and 24. There is a chance that we will be late with the next bulletin due to this trip. Look for a full report on the convention in the July issue. You might find it, and you might not. Time will tell.

Point of fact that may interest you: If all the people who slept in school rooms were laid end to end, they would be far more comfortable.

The dues of MATMANIA, for those of you who are interested, is 5,00 a year, 2.75 for six months or fifty cents per issue. Each bulletin, and there are xrxxax 12 a year, is at least fifty pages of news, results, and so forth. We also have a fan club for old results. The dues for this club are 1.50 a year, and the members receive all the results that time will allow us to send.

We received a bit of critisicm (?) for the pictures printed in a bulletin of ours of the stars of the German wrestling. In reply to these remarks, let me say a thing or three. Germany has an unusual form of wrestling. Rather than each city having wrestling either once a week or whenever, they have tournaments in one particluar city at a time. These tournaments run anywhere from 7 days to a month long. They invite from all over the wrold, wrestlers to participate. The city in which the tournament is going on often draws as high as 10,000 fans per match. Thus, in a month long tourney, they will draw 300,000 people. Now there are few areas in the world where that many people see wrestling in a months time. When I know of an area that does draw that much, I would like to know why. I want to see pictures of the top people, and get to know something about them. Thus, when I received the pictures in question, I got them in the bulletin as soon as possible. In the future, when I receive more such pictures, they too will go in the bulletins. In this way, we all can learn a little more about wrestling around the world. Am I forguv?

We have made this offer before, and will do so again: for each member that you get to join MATMANIA, we will pay you the lordly sum of fifyy cents. This money will be yours either in cold, hard cash or in the form of an extra month of dues. At this time, we would like to welcome the two new members that we have received during the past month; Garvin Elder of Texas, and I forget from Florida. I just received his letter this past week end, and..... Welcome to these two fine people, and we hope that you will like and enjoy our work.

One last word about old results. I need em. Please, if you can help us in any way, shape or from on doing research for the life histroys, let me know. Thank you.

And now we come to a sepcial feature of MATMANIA: the last page. On this last page, we always take this opportunity to thank those people who helped make this issue possible. The first order, is to thank all those who helped me with the Valentine life record. This list is undoubtedly incomplete, but to name a few of special import, Don Luce, Don Wilson, Tom Gannon, Diane Devine, John Williams, Marie Miller, Norman Kietzer, Jim Melby, Marvin Rubin, and Bob Miller. Our sincerest thanks to all of these people, as well as the hundred and two others that added to the list. We luvs ya all.

We would like to thank George Dietrick and Dawn Porter for their help in the biographies of Valentine.

A special thanks goes to each and every person who has sent me results and news during the past month. This sepcail word of thanx especially goes to the heardest working group in the world, our officers and staff members: James G. Lee, Diane Devine, Charlotte Irvine, Jim Melby, Norm Kietzer, and Dean Silverstone. How on Earth I could get by without them, I do not know. Never has one person had somuch excellent help, and never has one person needed so much help. People, we luvs ya.

The last word of thanks goes to those people who may have been slighted during the past month or so on mail. I'll do my best to catch up. Keep your letters coming, as it is only thus that we can learn all the dirt to put in these bulletins.

Due to circumstances beyond my control, I have not moved this past month. I will repeat this Earth shattering remark. I have not moved during the past month. Surprising, isn't it?

And now our fondest wish and heartiest thanks of all goes to the men and women who are the promoters, referees, and wrestlers. Without these men and women of the Black and Blue, we would all have a much more boring life.

This, then, completes the June bulletin. We sincerely hope that you like and enjoy our work. Sees ya.
